

Representative Attendance Policy

Any candidate earning a rostered spot on a representative team must attend 80% of the practices and games. Failure to attend 80% for any given year results in the candidate being ineligible for representative baseball the following year. A check-in will occur in each season as of June 26th or the fourth Monday of the month. Any player failing the attendance requirement at that point in time may be subject to reduced playing time. The playing time beyond this point and for the duration of the year will be at the complete discretion of the coach.

Attendance at the year-end New Brunswick Provincial Tournament is also mandatory. The penalty for not attending Provincials shall be the same as not meeting the 80% attendance requirement stated above.

This policy is designed to ensure candidates are committed to the team they earn a placement on and do not occupy a spot on a team and commit to what KVMBAs has deemed less than acceptable. The lack of attendance results in slowed individual and team development as well as the loss of opportunity for a candidate who is willing to commit to the minimum requirements of the programs.

Exceptions may be made by the KVMBAs Board on a case by case basis. ie. injuries etc.
